

**Fourth Quarter 2025
Investor Presentation
February 19, 2026**

Kevin G. Burke

President and Chief Executive Officer

Jeffrey D. Miller

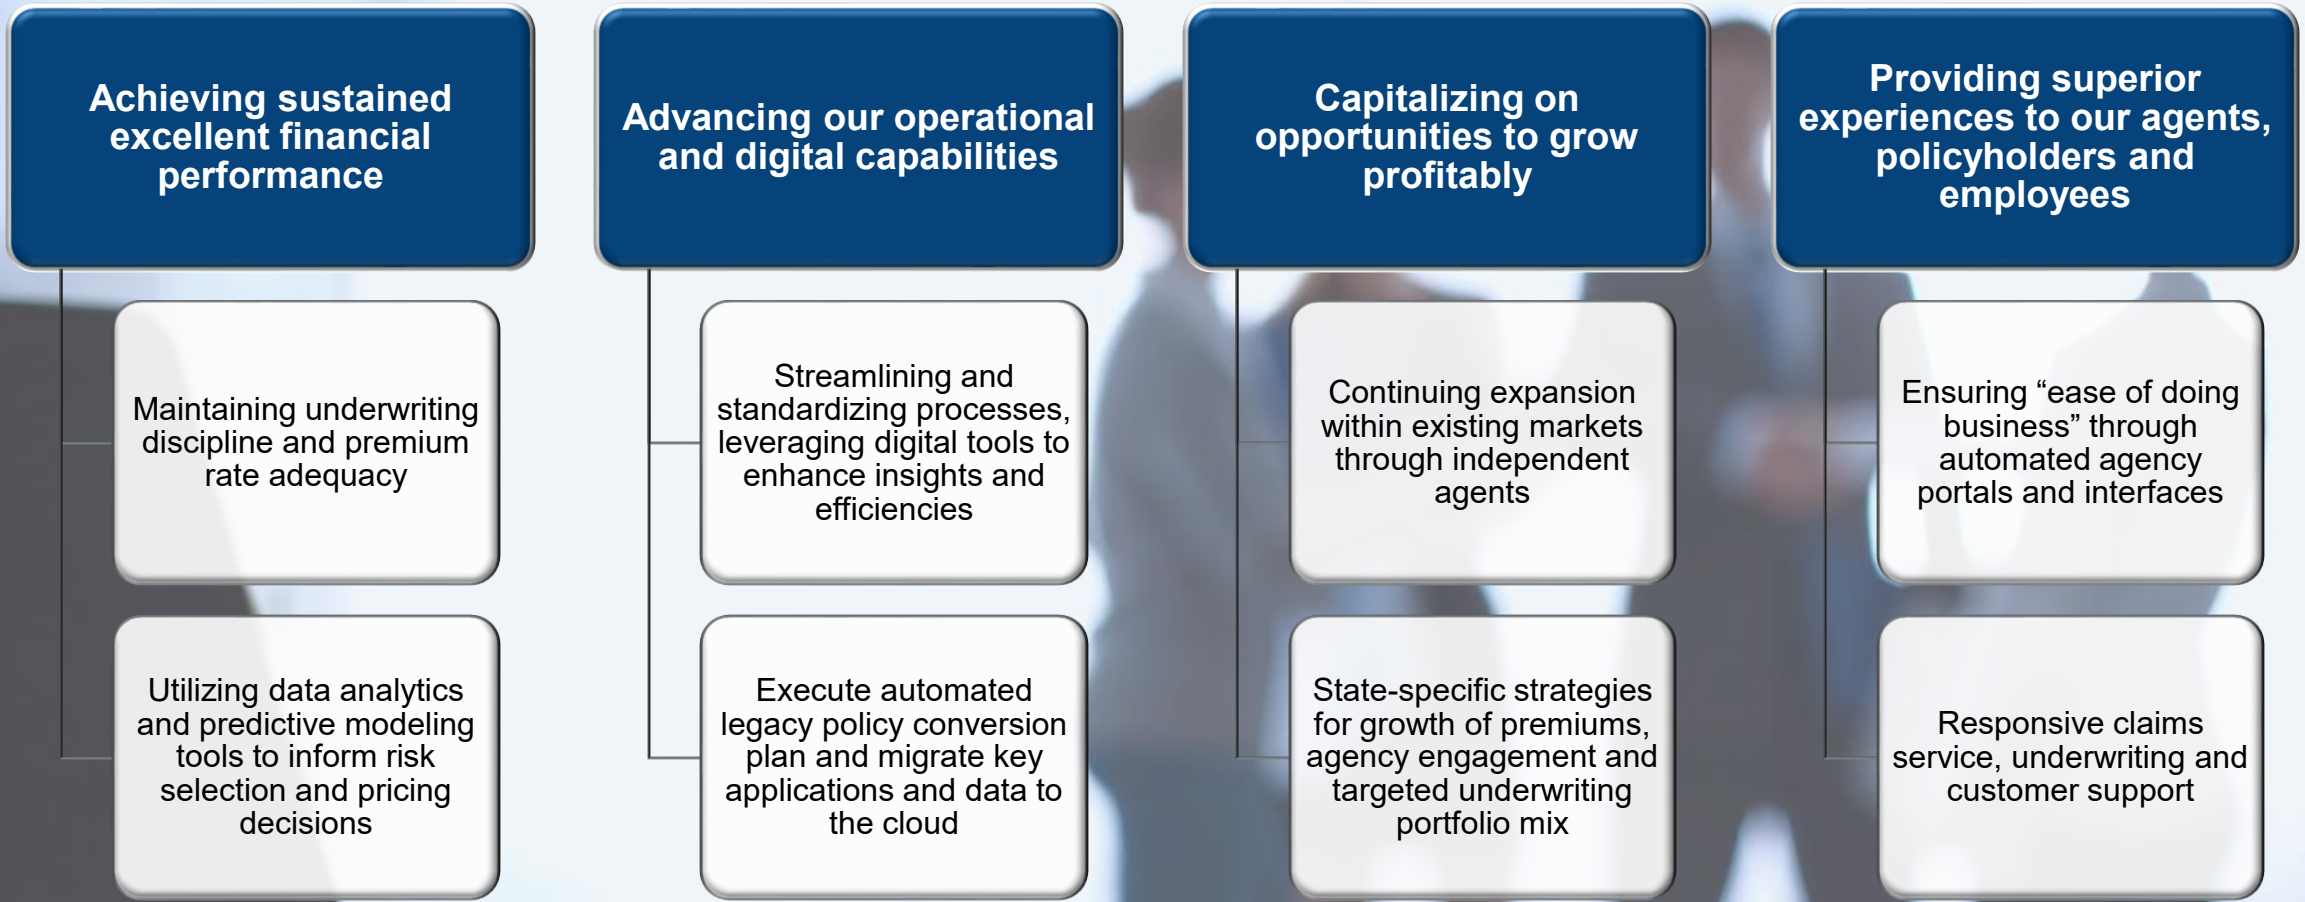

Executive Vice President and Chief Financial Officer

We base all statements contained in this release that are not historic facts on our current expectations. Such statements are forward-looking in nature (as defined in the Private Securities Litigation Reform Act of 1995) and necessarily involve risks and uncertainties. Forward-looking statements we make may be identified by our use of words such as “will,” “expect,” “intend,” “plan,” “anticipate,” “believe,” “seek,” “estimate” and similar expressions. Our actual results could vary materially from our forward-looking statements. The factors that could cause our actual results to vary materially from the forward-looking statements we have previously made include, but are not limited to, adverse litigation and other trends that could increase our loss costs (including social inflation, labor shortages and escalating medical, automobile and property repair costs, including due to tariffs), adverse and catastrophic weather events (including from changing climate conditions), our ability to maintain profitable operations (including our ability to underwrite risks effectively and charge adequate premium rates), the adequacy of the loss and loss expense reserves of our insurance subsidiaries, the availability and successful operation of the information technology systems our insurance subsidiaries utilize, the successful development of new information technology systems to allow our insurance subsidiaries to compete effectively, business and economic conditions in the areas in which we and our insurance subsidiaries operate, interest rates, competition from various insurance and other financial businesses, terrorism, the availability and cost of reinsurance, legal and judicial developments, changes in regulatory requirements, our ability to attract and retain independent insurance agents, changes in our A.M. Best rating and the other risks that we describe from time to time in our filings with the Securities and Exchange Commission. We disclaim any obligation to update such statements or to announce publicly the results of any revisions that we may make to any forward-looking statements to reflect the occurrence of anticipated or unanticipated events or circumstances after the date of such statements.

Reconciliations of non-GAAP data are included in the financial supplement section of this presentation.

Donegal Group Inc. is an insurance holding company whose insurance subsidiaries and affiliates offer property and casualty insurance to businesses and individuals in certain Mid-Atlantic, Midwestern, Southern and Southwestern states through approximately 2,000 independent insurance agencies.

The Company offers full lines of commercial products (approx. 62% of 2025 NPW) and personal products (approx. 38% of 2025 NPW), including commercial multi-peril, automobile, homeowners, workers' compensation and other coverages.

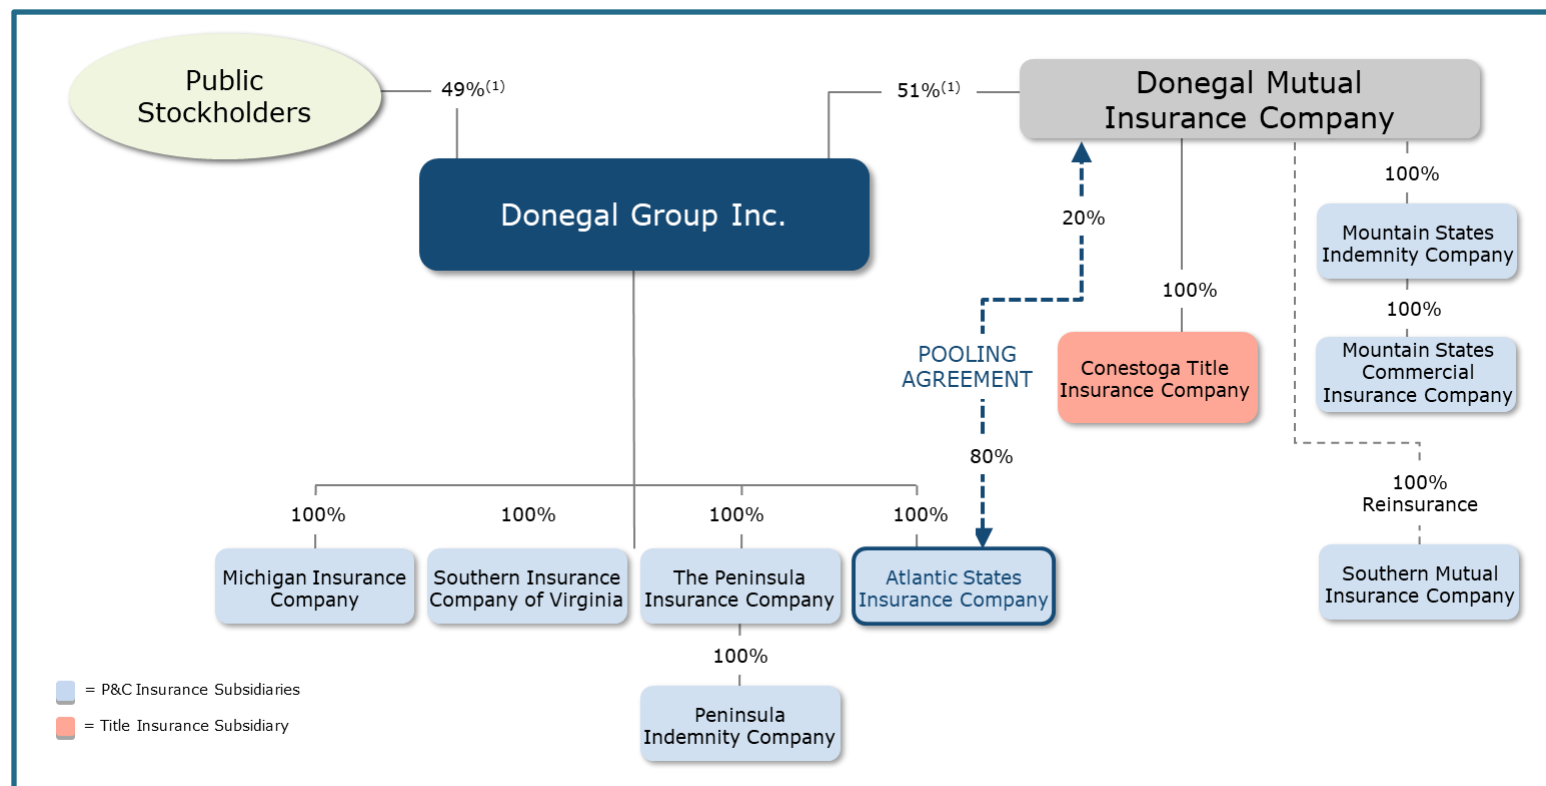

Continued emphasis on growing commercial lines while maintaining a profitable book of personal lines

Significant Benefits to Shareholders from Mutual Relationship

- **Pooling agreement** fosters an **environment of continuity** and maintains **superior employee relations** in which the business can grow.
- Shared combined business plan to **enhance market penetration** and **underwriting profitability**.
- Product offerings are **complementary**, offering a **broad range of products** that expands our ability to service accounts.

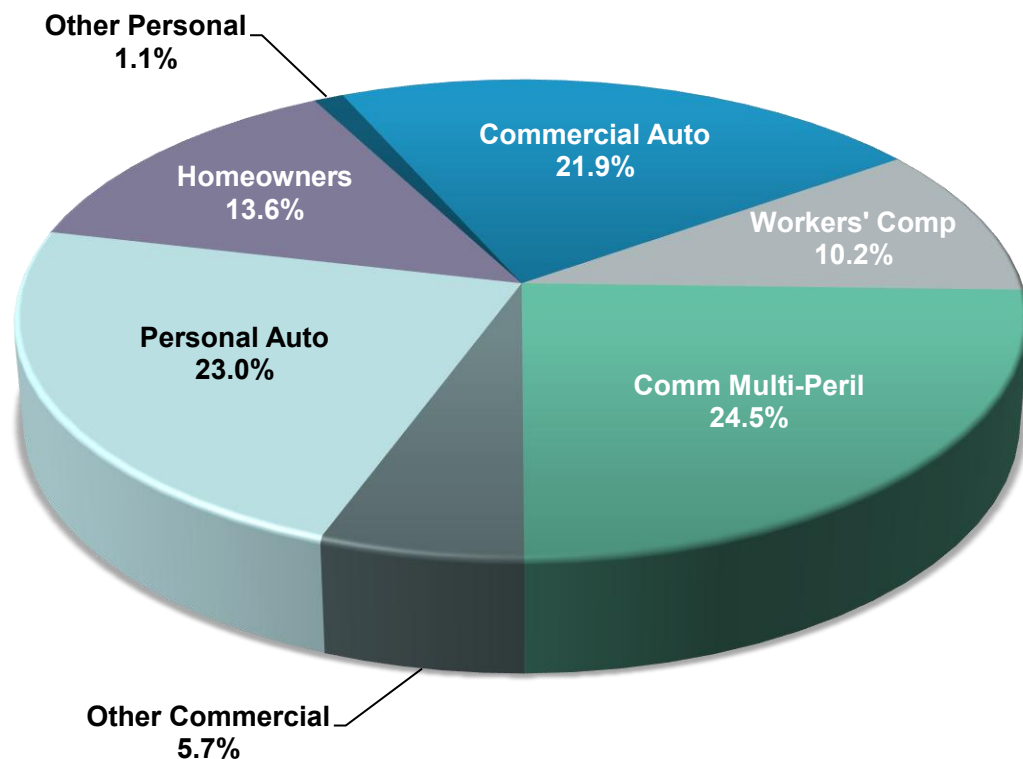

Rated A (Excellent)
by A.M. Best

¹Because of the different relative voting power of Class A common stock and Class B common stock, public stockholders hold approximately 29% of the aggregate voting power of the combined classes and Donegal Mutual holds approximately 71% of the aggregate voting power of the combined classes.

Fourth Quarter 2025 - Results by Line of Business

- Net premiums written decreased 3.4% (Commercial Lines +3.2%; Personal Lines -12.7%), primarily attributable to lower new business writings, offset partially by solid retention and renewal premium increases.
- Commercial lines renewal premium increases averaged 9.7%, excluding workers' compensation.
- Personal lines renewal premium increases averaged 2.9%, with strong retention of 88.7%.

\$1.5 Billion in Invested Assets

As of December 31, 2025

May not foot due to rounding.

- Quarterly net investment income increased 17.5% to \$14.2 million.
- Investment portfolio emphasizes on high-quality fixed-income securities.
- “Laddering” structure provides additional measure of liquidity.
- Q4 2025 reinvestment rate of ~5.17% exceeded rate received on maturing and sold assets by ~143 basis points.

- Well-established regional insurance group with a **diverse book of business** including both commercial and personal lines
- Continuing the optimization of our mix of business with **emphasis on commercial lines** while **strategically stabilizing personal lines** to maintain a **profitable book of business** that will **increase stockholder value** over time
- Focusing on achieving sustained excellent **financial performance**, advancing our operational and **digital capabilities**, capitalizing on opportunities to **grow profitably** and providing **superior experiences to our agents, policyholders and employees**
- Maintaining our highly responsive service levels as a key underlying force that contributes to solid growth in our **commercial lines of business**

We prepare our consolidated financial statements on the basis of GAAP. Our insurance subsidiaries also prepare financial statements based on statutory accounting principles state insurance regulators prescribe or permit (“SAP”). In addition to using GAAP-based performance measurements, we also utilize certain non-GAAP financial measures that we believe provide value in managing our business and for comparison to the financial results of our peers. These non-GAAP measures are net premiums written, operating income or loss and statutory combined ratio.

Net premiums written and operating income or loss are non-GAAP financial measures investors in insurance companies commonly use. We define net premiums written as the amount of full-term premiums our insurance subsidiaries record for policies effective within a given period less premiums our insurance subsidiaries cede to reinsurers. We define operating income or loss as net income or loss excluding after-tax net investment gains or losses, after-tax restructuring charges and other significant non-recurring items. Because our calculation of operating income or loss may differ from similar measures other companies use, investors should exercise caution when comparing our measure of operating income or loss to the measure of other companies.

Reconciliation of net premiums earned to net premiums written:

	Three Months Ended December 31,			Year Ended December 31,		
	2025	2024	% Change	2025	2024	% Change
	(dollars in thousands)					
Reconciliation of Net Premiums Earned to Net Premiums Written
