### 1. DESCRIPTION OF PLAN

The following description of the Donegal Mutual Insurance Company (the Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution 401(k) plan, which became effective January 1, 1998. All employees of the Company as of May 1, 1998 are eligible to participate in the Plan immediately. All other employees will be eligible to participate as of the first day of the month after the month in which their employment with the Company commences. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company discontinued their Money Purchase Pension Plan and Profit Sharing Plan on December 31, 1999 and all assets from these two plans were transferred to the 401(k) Plan during the 2000 year. The transfer of investments consisted of cash and 51,110 shares of Donegal Group, Inc. common stock. Separate accounts were established to record the activity of the funds within the 401(k) Account, the Money Purchase Pension Account and the Profit Sharing Account. Effective January 1, 2002, the funds from all three Accounts have been combined and all 2002 activity is recorded on an aggregate basis.

#### Contributions

Participants may contribute between 1% and 100% (between 1% and 15% in 2001) of their annual compensation up to the maximum limit established by the Internal Revenue Code. The Company will contribute, on behalf of each participant, a sum equal to 100% of the first 3% of participant deferrals and 50% of the next 6%.

### Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the following in accordance with Plan provisions: (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(continued)

### 1. DESCRIPTION OF PLAN (Cont'd)

#### Vesting

Participants are immediately vested in their salary deferral contributions and earnings thereon, as well as all amounts that have been transferred into the Plan from the discontinued Money Purchase Pension Plan and Profit Sharing Plan. Vesting of employer matching contributions and earnings thereon is based on years of service. A participant is 100% vested after 3 years of credited service. Forfeitures arising from distributions to participants who are less than 100% vested will be reallocated to existing participants per guidelines established by the Plan. Forfeitures during 2002 and 2001 amounted to \$10,732 and \$10,277.

#### Payment of Benefits

The normal retirement date is the first of the month following attainment of age 65. Early retirement is possible at age 55. Benefits are paid in the form of a lump-sum distribution. There is a provision available to allow hardship withdrawals of benefits prior to termination of employment as defined in the Plan and in compliance with the Internal Revenue Code.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(continued)

## Investments

Investments are valued at quoted market prices as determined by the Plan trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Payment of Benefits

Benefits are recorded when paid.

#### 3. INVESTMENTS

Transamerica Life Insurance and Annuity Company (Transamerica) was both the trustee and custodian which held the funds for the Plan and maintained an individual account for each participant during the 2001 year. Contributions made on a participant's behalf under the Plan were directly allocated to that participant's account. During the 2001 Plan year, contributions made to each participant's account were invested, based on the individual's direction, in one or more of nineteen pooled separate accounts or Company stock (see note 5 for Company stock transactions).

On December 31, 2001, the nineteen pooled separate accounts were converted to noninterest-bearing cash to facilitate the January 2, 2002 transfer of funds to Putnam Investments. The total amount of January 2, 2002 Transamerica assets transferred to Putnam Investments was \$13,500,749, of which \$4,581,239 was transferred from the 401(k) Account, \$6,818,008 was transferred from the Money Purchase Pension Account, and \$2,101,502 was transferred from the Profit Sharing Account. All Class A and Class B Donegal Group, Inc. common stock shares were also transferred to Putnam Investments on January 2, 2002.

Putnam Investments is both the trustee and custodian which holds the funds for the Plan during the 2002 year and maintains an individual account for each participant. Contributions made on a participant's behalf under the Plan will be directly allocated to that participant's account.

Contributions made to each participant's account will be invested, based on the individual's direction, in one or more of twenty investment options. The twenty options consist of one interest-bearing cash account (money market fund), two common collective trust funds, fifteen registered investment companies (mutual funds), and two classes of employer securities.

(continued)

### 4. TAX DETERMINATION

The Internal Revenue Service has determined and informed the Company by a letter dated December 12, 2001 that the Plan is designed in accordance with applicable sections of the INTERNAL REVENUE CODE (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Certain 2001 year Plan investments were pooled separate accounts managed by Transamerica. Transamerica was the trustee for the 2001 year as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

### 6. ADMINISTRATIVE EXPENSES

Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan. Primarily all of the trustee fees and audit fees were paid directly by the Company in 2001 and all of the trustee fees and audit fees were paid directly by the Company in 2002.

### 7. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
